RESPONSE TO RESTRICTION REQUIREMENT

Sir:

Responsive to the Restriction Requirement mailed April 20, 1998, applicants elect to prosecute group I, claims 1-9 and 15-18, with traverse.

Claims 1-25 are pending in the application. The claims have been divided into three groups: group I, claims 1-9 and 15-18, drawn to a non-human transgenic animal constructed genetically with a promoter and a nucleic acid molecule encoding a syndecan; group II, claims 10-14, drawn to a method for screening compounds which can alter body weight, and group III, claims 19-25, drawn to a method for regulating body weight with a compound that interferes with melanocortin 4 receptor function.

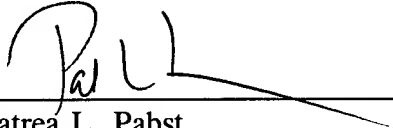

Applicants elect to prosecute group I, with traverse. It is believed that it would require no further searching on the part of the Examiner since the art should be substantially the same.

Please cancel claims 19-25.
